

Learn about Immersion by the Industry Leader

OPEN HOUSE

TUESDAY
May 9, 2023

Dry Cooler Tour

We will have a variety of our crypto dry coolers and other heat exchangers on display for you to explore.

Hands On Immersion System Experience

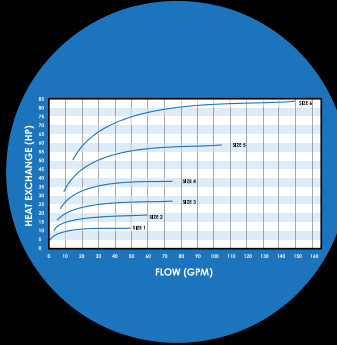

Tour our testing laboratory and take control of our onsite immersion systems. Play with fluid temps, chip temps, flow rates, hash rates... real life immersion experience.

Discuss immersion with our engineers and lab personnel.

The Fundamentals of Heat transfer

Understand why choosing the right type of cooler and sizing it properly will make all the difference for your immersion project.

Manufacturing Facility Tour

Join us for a tour of our 200,000 sq ft manufacturing facility.

60 | YEARS OF INNOVATION

Ask about our **Earn and Learn** Program
